Aurora at a glance

- Largest not-for-profit health care system in Wisconsin
- Fully integrated health care system
- 16 hospitals, numerous ambulatory care clinics, retail and specialty pharmacies, and more
- Utilize a wide variety of automation and technology throughout the system: CPOE, eMAR, smart pumps, barcode administration, and more
- Affiliated with Concordia University Wisconsin School of Pharmacy, University of Wisconsin School of Pharmacy and Rosalind Franklin University School of Pharmacy

Residency program

Purpose

The PGY2 Oncology Specialty Residency builds on Doctor of Pharmacy (Pharm.D.) education and PGY1 pharmacy residency programs to contribute to the development of clinical pharmacists in specialized areas of practice. PGY2 residencies provide residents with opportunities to function independently as practitioners by conceptualizing and integrating accumulated experience and knowledge and incorporating both into the provision of patient care or other advanced practice settings. Residents who successfully complete an accredited PGY2 pharmacy residency are prepared for advanced patient care, academic, or other specialized positions, along with board certification.

As such, the PGY2 Oncology Residency prepares the resident to be able to provide patient care in inpatient and ambulatory oncology settings.

Rotation sites

Aurora St. Luke’s Medical Center

- Wisconsin’s largest private hospital, Aurora St. Luke’s Medical Center is a premier destination for world-class patient care, treating patients from all 50 states and worldwide. It is internationally known for expertise in heart care and oncology. Located on the south side of Milwaukee, Aurora St. Luke’s also offers exceptional specialty care in areas such as critical care, abdominal/cardiothoracic transplant and neurosciences and houses the Vince Lombardi Cancer Clinic.

- *U.S. News & World Report* has recognized Aurora St. Luke’s as a top hospital both in the Milwaukee Metro area and in the state of Wisconsin for multiple years in a row. It also consistently ranks Aurora St. Luke’s among the top 50 hospitals in the nation in several specialty areas and as “high performing” in a variety of other specialties.

Aurora Cancer Care Clinics

- Aurora Cancer Care is a network of 22 clinics throughout the greater Milwaukee area. A large multidisciplinary team of experienced cancer specialists provides complete oncology care in a community setting. Aurora Cancer Care treats more new cancer patients than any other health care provider in Wisconsin.

**Specific learning experiences**
Learning experiences will encompass hematologic malignancies, solid tumors, stem cell transplant and supportive care, and each resident’s program will be customized to their individual interests and needs.

**Learning experiences**
- Autologous stem cell transplant/hematologic tumors, inpatient
- Cardio-oncology
- Drug utilization policy
- Hospice/palliative care
- Infectious disease and hematologic disorders
- Investigational studies
- Medication safety
- Neurologic oncology
- Pharmacogenomics
- Practice management
- Radiation oncology
- Solid/hematologic tumors, outpatient
- Solid tumors, inpatient
- Specialty pharmacy
- Women’s health in oncology

**Professional development**
- Year-long residency project, learning experience projects, in-services, staffing, visits to other institutions, professional organizations, teaching and precepting, ACPE continuing education presentations, interviewing/recruiting, attendance at professional meetings

**Candidate qualifications**
- Graduate of an ACPE-accredited School of Pharmacy
- Eligible for pharmacist licensure in Wisconsin – residents are expected to be licensed as a pharmacist in the state of Wisconsin prior to starting their residency program and sit for their exams at the first available opportunity.
- U.S. citizen or permanent resident of the U.S.
- The Pharmacy Residency programs participate in the Residency Matching Program (“The Match”).
  - After “The Match”, employment as a pharmacy resident is still contingent upon the applicant satisfying Aurora Health Care’s employment eligibility requirements, including an employment application/evaluation by Human Resources and a pre-employment physical and drug screen (hair analysis). The pre-employment physical and drug screen must be completed at a designated Aurora Health Care location between May 15 and June 1.
  - All matched residents must start on the pre-determined start date. Refer to the program director for the exact pre-determined start date as adjustments in start date are not allowed.

**Benefits and Stipend**
- Each resident and their eligible dependents are eligible to participate in Aurora Health Care benefit programs (paid time off, medical/dental insurance, disability, etc.). Note: Residents are allowed up to 17 days off (including a maximum of 6 sick days) during their program. Time off requires advanced approval and is not guaranteed.
- We update competitive salaries annually. The current stipend is $58,240.

**Application information**
Applicants must submit the following materials via PhORCAS by January 5 to be considered, and will be contacted regarding a required on-site interview. Refer to the program director for the specific interview dates as interviewing outside of these dates is not allowed.
- Letter of interest - must specify:
  - Which program you are applying to (see website for full list of programs)
  - Your personal career goals
  - Why you are interested in residency training, what you are looking for in a residency program, and why you are interested in the Aurora residency program you are applying to
- Curriculum vitae (CV)
- Three references – must be completed in PhORCAS – no separate letter is required
- Pharmacy school transcripts
The Pharmacy Residency programs participate in the Residency Matching Program (“The Match”) and agree that no person at the site will solicit, accept or use any ranking-related information from any residency applicant.
