Pyxis® MedStation ES system First Time Pyxis BioID Login Instructions

1. Touch the screen and enter your Username (User Name is Employee ID or “N” number). Hit the enter key or touch the Sign In button.

2. The Registration Required prompt displays. Touch the Register button on the screen.

3. Use the password you established upon entering Caregiver Connect to change your password. If you are a current Aurora caregiver use your current Aurora password that you use to log onto Caregiver Connect.

4. Once you have your Password, you are ready to register your Pyxis BioID. Select a finger. Place your finger on the Bio ID Reader. Lift finger in between each photo.

5. If you have an issue with one of the scans, touch the Redo Scan button. This allows you to go through the registration process again.

6. The Select Task screen appears and you are ready to begin using your new Pyxis MedStation® ES system.

Having Trouble Logging in?

If you have trouble signing in, need to reset your password, or you are not in the hospital system please call: The Aurora Help Desk (414) 647-3520 or 1-800-889-9677.

Your Username and Password are the same for signing into you Caregiver connect or Epic Remote Access.
